strategies that contribute to better communication	collaboration technologies provide easy ways for teams to communicate	Employee experience journey maps help leaders empathize

Rubiya.G

work on your employee experience	Ask for and act on feedback	Using empathic, holistic thinking and play to by press usual approached
An agile mindset like is represented as a cross and four oriented to create employee experience strategies	Capture visualization of employee experience across	Focus groups and strategic interviews can be used to better understand employee experience and offer value based on it

Arthi.A

Empower your employees to growth	Improve your total rewards strategy	communication tool a wide array of technologies
Employee experience and offer feedback anonymously	the employee lifecycle or perhaps target situation	Pulse tools measure how workers feel about an area

Step-3: Idea Prioritization

3

Group ideas

*Take time sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence or two label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

30 minutes

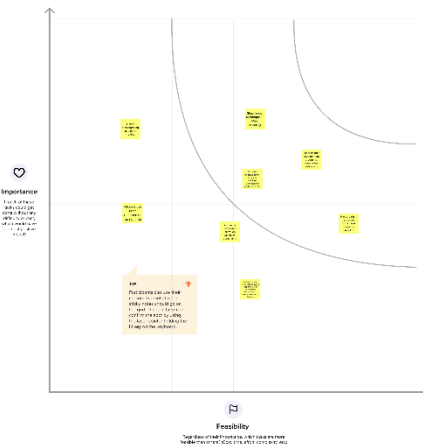

4

Prioritize

Your team should all be on the same page about what's important, moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

Ⓢ 20 minutes

After you collaborate

You can extend the reach of an image or puff at some risk to the integrity of your company, also might find it profitable.
